IMPORTANT: The BAA is charging \$325.00 for this waiver entry (\$425.00 if received after February 1).
Wavers will be awarded following the criteria below, *CANNOT BE DEFERRED* if you can't run, and *ARE NOT TRANSFERABLE*:

First and most importantly, you must be sufficiently trained to finish the Marathon. Tell us about your training thus far and what you plan is leading up to the Marathon. *Include your most recent marathon time and when you ran it.*

1. Dues (2014 and 2015) must be current.
2. Active participation in club activities over the past year is a very important consideration.
3. All other things being equal, those who have not received a waiver in the past will be given priority.
4. If there are more waiver applicants who meet the above criteria than waivers available, the winners will be drawn at random.

Please Note: If you receive a waiver, it will be given to you with your name already on it. You must also have a check for \$325.00 (425.00 after Feb. 1) payable to the BAA. Good luck to everyone!
